

Contaminated Sites Regulations

APPLICATION FOR A PERMIT TO USE RISK-BASED RESTORATION STANDARDS AT A CONTAMINATED SITE

- Applicants should ensure that they:
 - are familiar with the *Contaminated Site Regulation* (under the *Yukon Environment Act*).
 - complete all applicable sections, legibly printing or typing all information.
 - complete the signature block at the end of the form.
 - submit all required attachments.
- A pre-permit inspection may be conducted prior to the issuance of any permit.
- Additional information may be required upon receipt of this application.
- Payment of a technical review fee may be required prior to the issuance of this permit.

The original completed and signed application form should be mailed or delivered to your local government office or:

Environmental Programs Branch (V-8)
 Department of Environment
 Government of Yukon (located at 10 Burns Road, Whitehorse)
 Box 2703
 Whitehorse, Yukon Y1A 2C6

For additional information:
 Phone: (867) 667-5683 or 1-800-661-0408 ext. 5683 Fax: (867) 393-6205
 Internet: http://www.env.gov.yk.ca/air-water-waste/contaminated_sites_regs.php
 E-mail: envprot@gov.yk.ca

ALL APPLICANTS SHOULD BE AWARE OF THE FOLLOWING:

- Applicants are required to acknowledge, in writing, that they assume all risks and liabilities that may be associated with using risk-based standards and risk management. Please see the form “*Assumption of Risks and Liabilities*” attached to this application.
- Applicants are required to cover the cost to have a third-party expert review the risk assessment and related documentation. Please consult the “*Technical Reviews*” document and CSR Protocol No. 12 for more information or contact the Environmental Programs Branch.

1. Name and address of applicant

Contact name and position title	Phone #
Business name or government agency/branch/department	Fax #
Mailing Address	Postal Code
Email Address	
Name (person or business) to appear on permit	

2. Who is directly responsible for the activities requiring a permit?

same as (1) above, or:

Contact name and position title	Phone #
Business name or government agency/branch/department	Fax #
Email Address	

3. Where is the contaminated site where risk-based restoration will be carried out?

Street Address
Legal Address
Geographic Coordinates (centre of site in lat/long, UTM (specify zone) or Yukon Albers)

4. Who owns the land on which the contaminated site is located?

same as (1) above, or:

Applicants not owning the land on which the contaminated site is located must include with this application a letter from the landowner authorizing the intended activity on their property.

5. Is the land leased? If so, by whom?

6. If the land is within municipal boundaries, what is the zoning of that land? (For multiple site locations, list on a separate sheet).

Applicants must comply with municipal bylaws and ensure they are aware of any restrictions on activities in zoned areas.

7. Attach the following to your application:

- **Two (2) copies of a detailed site assessment report, risk assessment report and plan of restoration completed in accordance with the requirements of the Contaminated Sites Regulation and applicable Protocols, including:**
 - **A summary table showing the concentrations that were applied in both the human and ecological risk assessments for all contaminants of concern (i.e., the risk-based restoration standards);**
 - **A monitoring plan for the site; and**
 - **A description of any works or undertakings considered necessary to secure the contamination at the site and to protect human health and the environment;**
- **A letter from the landowner authorizing the proposed activity and implementation of any risk management measures, unless the landowner is also the applicant; and**
- **A signed copy of the form “Assumption of Risks and Liabilities” attached to this application.**

I, _____ [print name clearly], am the authorized representative of _____ [business/person responsible for source or activity], and I certify that the information provided on this application form is correct and complete to the best of my knowledge.
