

APPLICATION PROCESS

1. Complete application package
 Fill and sign application form.
 Attach required documentation.

2. Drop-off, mail or e-mail package to Energy Solutions Centre (contact info below).

3. Receive cheque within twelve weeks.

REBATE	CRITERIA	AMOUNT
Grid-tied renewable energy system	Signed copy of Micro-Generation Interconnection and Operating Agreement	\$800 per installed kW (\$5,000 max)
Off-grid renewable energy system	Final approved electrical inspection	
Solar domestic hot water system	CSA F379-rated solar domestic hot water system (must be used with CSA approved water tank for solar heat storage)	\$1,200 max.*
REQUIRED DOCUMENTATION		
Itemized receipts/invoices for materials purchased with zero balance owing.		
* 20% of eligible material cost (pre-tax).		

APPLICANT INFORMATION		
Applicant name (printed – with middle initial)	Co-applicant name (NECESSARY if name on required documents.)	
Mailing address	City	Postal code
Installation address (if different than above)	City	
Primary phone	E-mail	

APPLICANT SIGNATURE	
By signing below, the applicant agrees to the terms and conditions of this program and confirms that all measures have been completed as of the signature date below and that any accompanying receipts, invoices and documents are complete and accurate. ATIPP STATEMENT: The information provided in this form and attached documents is being collected for the purposes of carrying out the Good Energy program in accordance with the <i>Access to Information and Protection of Privacy Act</i> . Please contact Energy Solutions Centre (867-393-7063) for further information.	
Applicant signature	Date (YYYY-MM-DD)
Co-applicant signature (NECESSARY if name on required documents.)	Date (YYYY-MM-DD)
Note: a random selection of applicants will be contacted to participate in a questionnaire regarding this program.

TERMS AND CONDITIONS

DEFINITIONS:

CSA Standard – CSA group efficiency testing standards
ESC – Energy Solutions Centre
NRCan – Natural Resources Canada

ELIGIBILITY: Products, projects and services must be installed in Yukon. Receipts and invoices must be dated within one year of rebate package submission to ESC. Appliances and products must be new. Second-hand appliances and products are not eligible for the rebate.

Renewable energy system must be residential installations and either Micro-generation program-approved or off-grid (not part of an electrical grid system) with approved electrical inspection. Renewable energy systems include solar photovoltaic (PV), wind, hydro, biomass and geothermal electrical generating systems. The rebate is calculated at rated DC generation capacity. The Residential Renewable Energy rebate is limited to one renewable energy system per utility-installed electrical meter per year.

Solar domestic hot water systems must be certified to CSA Standard F379 and be used with a CSA approved water tank for solar heat storage. A list of certified systems can be found on NRCan's [performance directory of solar domestic hot water systems](#). The rebate value is calculated based on pre-tax material costs of the system.

RECEIPTS AND INVOICES: Receipts and invoices must be legible, itemized and include: purchase date, purchaser name, retailer/supplier name, brands and model numbers of items purchased, description and cost. Names on required documentation must match the applicant's name (and where applicable, the co-applicant's name) on this form. **Each and all invoices must have a zero balance owing or be noted as "paid in full" and initialed by the supplier.**

LIMITS TO PROGRAM: The Good Energy program is renewed annually pending fiscal year budget allocation. **This program is effective from April 1, 2017 to March 31, 2018.** Rebate offers are subject to program funding and revision and may change or end at any time. In no event will a rebate amount exceed the product, project or service value.

SUBMISSION AND PAYMENT: ESC is not responsible for lost, late, incomplete or ineligible submissions. Please allow up to twelve weeks for payment. Payment may be direct deposit if you have been employed or under contract with Yukon government.

QUALIFYING PRODUCTS: ESC relies on third-party standards to identify and validate energy efficient products, projects and services. ESC does not endorse any particular manufacturer, supplier, contractor or installer in promoting these third-party standards.

ENERGY INFORMATION RELEASE: ESC adheres to *Access to Information and Protection of Privacy Act* and *Archives Act*. Personal information on this form is collected under the authority of section 29(c) of the *Access to Information and Protection of Privacy Act* for the purpose of determining issuance of an energy rebate. The applicant acknowledges that ESC keeps program information about services provided and the applicant's resulting energy savings as confidential, but will use data in aggregate in reports and other documents. Applicants may be contacted by phone, mail or e-mail to confirm personal information, and/or to participate in a voluntary questionnaire regarding program impact and opportunities for program improvement.

DISCLAIMER / NO LIABILITY: The applicant understands that ESC's role is to incentivize the purchase of energy efficient products, projects and services. ESC is not responsible for product installation, the quality of work or service by a contractor, the completion of projects or the quality of products purchased. ESC does not guarantee energy saving results by approving an application. ESC is not responsible for retailer claims about the Good Energy program, program rebates and product eligibility.
