APPLICATION DEADLINE: APRIL 13, 2017

Government of Yukon Sport & Recreation Branch and the High Performance Jury reserve the right to deny or reduce funding if an application is incomplete or submitted after the application deadline.

INTRODUCTION

- The Yukon High Performance Athlete Assistance Program (YHPAAP) provides grants to help offset training and competition expenses incurred by selected Yukon athletes who are able to demonstrate that they are competing at a “high performance level” as defined by this program.
- The program is intended to assist athletes as they continue to show improvement in their sport from year to year which is demonstrated by their performance and results.
- The Government of Yukon Sport and Recreation Branch (SARB) and the Yukon Lottery Commission provide funding for this and other programs. The Yukon Recreation Advisory Committee (YRAC) allocates these funds to the various programs. A High Performance Jury then reviews the applications and makes recommendations for distribution.

APPLICATION AND FUNDING PROCESS

- Applications and supporting documentation **must** be reviewed and endorsed by the President or authorized representative of your YSGB.
- Incomplete applications or those not received by the deadline will not be considered.
- The deadline for application is April 13, 2017.
- The High Performance Jury relies almost entirely on the information provided by the athlete in their application. For this reason, it is vitally important that the athlete ensure that all of the required and beneficial information is provided, that the information is accurate, and that it is presented in a manner that will convince the jury of the merit of the application. Completeness, accuracy, neatness, and timeliness are critical.
- YSGB may be required to prioritize applications upon SARB request.
- Priority is given to sports that are involved in Canada Games and Olympic programs.
- The jury will only consider results from competitions where five or more athletes have participated.
- Athletes and YSGB will be advised of funding decisions by letter.
- All grant money is advanced to the appropriate YSGB, which in turn disperses the money to the athlete.
- Claim forms must be submitted to receive the YHPPA Grant.
- Athletes must submit a Post-Season Report to SARB by April 13, 2018.
- YHPAAP funding cannot be released until all outstanding reports have been submitted and approved.

SUPPORTING DOCUMENTATION

- **Athlete’s cover letter (*mandatory*)**
- A cover letter must be included, which presents your personal perspective on how you see yourself as a high performance athlete in your sport and your goals for the future

 - The 12-Month Training Plan must indicate the following:
 - nature of training,
 - the number of sessions and hours per week,
 - as well as the planned competitions for the complete 12-month period.
- It is the responsibility of the YSGB to approve and monitor training and competition programs of those athletes training outside of the Yukon. If the training program for the upcoming year has not yet been established, the athlete must provide a copy of the training program for the prior year and be prepared to update it once the new program has been established. Applications that do not include a 12-month training and competition program will not be considered.

SECTION 8 – PLANNED ‘GIVING BACK’ ACTIVITY

Athletes are required to share their knowledge and experience with other developing athletes by participating in at least one opportunity of “giving back” in Yukon/for Yukon Sport. For those athletes who reside and train in the Yukon, this can occur within the normal training and competition environment. For athletes who have moved outside of the Yukon, the giving back opportunity could occur in the form of making a presentation to local athletes, participating in a training camp with local athletes, assisting Yukon athletes when they travel outside of the Yukon to compete, or other similar manner.

SARB can assist in facilitating a “giving back” activity for athletes who do not have a YSGB. It is the athlete’s responsibility to request assistance if so desired.

A plan for “giving back” must be identified in the application and reported within the Post-Season Report.
