YRAC FUNDING PROVIDED BY

Yukon Government, Community Services, Sport and Recreation Branch and Lotteries Yukon

APPLICATION DEADLINE: APRIL 20, 2018

YRAC reserves the right to deny or reduce funding if an Application is submitted after the deadline

ABOUT YRAC AND YS4L FUNDING

YRAC and Yukon Sport for Life (YS4L) are initiatives designed to provide funding to qualified Yukon Sport Governing Bodies (YSGB). These initiatives are separate but complementary objectives. The application forms are combined in order to simplify the process.

YSGB requesting YRAC funding are required to submit a profile and the appropriate YRAC or Y4SL grant application.

The profile provides updated information on your organization as well as information on how your previous year's YRAC and YS4L funding was utilized. The information gathered fulfills reporting requirements for YG and Sport Canada.

The YRAC grant application enables your organization to apply for funding for basic initiatives in Yukon Government five principal areas.

The YS4L grant application enables your organization to apply for funding for special initiatives as listed below.

YRAC GRANT

YRAC grant funding is provided jointly by Lotteries Yukon and Government of Yukon Sport and Recreation Branch. It is intended to support basic sport development initiatives and is structured to allow YSGB flexibility in their use of funds. This will enable YSGB to maintain accountability while permitting evaluation of their efforts and accomplishments relative to their goals and objectives. In accordance with this structure we are inviting YSGB to present their organization's plans and objectives within the following five principal categories of funding:

1. Administration/organization development
2. Athlete development
3. Leadership development
4. Special project/community development
5. Facility operations and maintenance (if applicable)

YS4L GRANT

YS4L grant funding is provided jointly by Government of Yukon Sport and Recreation Branch and Sport Canada, and is intended to support enhanced sport participation. YSGB wishing to access this funding must present proposed initiatives and apply for funding within the following categories:

1. Enhanced athlete development
2. Rural and aboriginal participation
3. Coaching enhancements
4. Coach salary subsidy

PLANS AND POLICY DEVELOPMENT

The Yukon Government is committed to the principle of gender equity in sport and recreation and we have a critical role to play along with each of our Yukon sport and recreation organizations. We will be asking each of you to make significant efforts aimed at addressing the issue of participation of women and girls in sport and recreation including as leaders and coaches. Please address this within your organizations and we would like you to submit your plan this year or next year along with your YRAC application.

The Yukon Government is also committed to implementing the new Canadian Concussion Guidelines and harmonized concussion protocols. This is the link to the latest information in this area: www.parachutecanada.org/injury-topics/topic/C9 We will be holding educational sessions with the Yukon Medical community, Education and with all of our Sport and Recreation organizations over the coming year. We encourage you to discuss this within your own organization, and how you are going to implement these new guidelines within your sport or recreational activity. We will be asking for these implementation plans with your YRAC application next year.

The Sport and Recreation Branch requires YSGB to have a number of policies and that they are kept on file at the branch. It is the responsibility of the YSGB to review and update these policies.

These include:

1. Conduct and discipline code
2. Code of conduct
3. Harassment and abuse policy
4. Discipline policy
5. Access and equity policies
6. Conflict of interest policies
7. Doping policies
8. Volunteer screening policy
9. Concussion policy / protocols

The enclosed Profile, YRAC grant application and YS4L grant application, along with the required attachments and supporting documents are the main source of information in the funding process. This information is very important in enabling Government of Yukon Sport & Recreation Branch, the Yukon Recreation Advisory Committee and the YS4L Adjudication Committee to make fair and equitable funding decisions.

For this reason it is important to ensure completeness and accuracy of the information.

The YRAC grant application checklist makes provision for noting certain documents and information that may not change from year to year and can be filed with the Government of Yukon Sport & Recreation Branch and updated as changes occur.
