

CLASS 1 PLACER NOTIFICATION

Submit to district mining recorder. A claim status report, and a map must accompany this application indicating camp location, work locations, and all proposed access locations.

Mining district: Dawson Mayo Watson Lake Whitehorse

OPERATOR INFORMATION

First name	Last name	
Phone	Email	
Mailing address		
City/town	Province/territory	Postal code
Company name (if applicable)		

Office date stamp

PROPOSED WORK DATES

Proposed start and end dates for this work: Start date: YYYY/MM/DD End date: YYYY/MM/DD

PROJECT LOCATION

Property name	Creek name	NTS map sheet # (1:50,000 scale)
---------------	------------	----------------------------------

First Nations traditional territory

Upon submission of your notice, affected First Nations will be notified of your class 1 work and consulted by the Government of Yukon. Check all that may apply.

If you have had any correspondence with First Nations regarding your proposed class 1 exploration work, attach records of your communication (optional). Attached Not applicable

Do you plan to do this class 1 exploration work on any settlement land? Yes No

ACCESS TO SITE

How will you access the site? Existing roads Existing trails Air Other: _____

Do you want to build new access roads* or upgrade any existing access roads as a part of your exploration work?
 No, I am not building or upgrading any access roads. (Road building and upgrading are not authorized class 1 activities.)

* Road is defined in the Act as 'a pathway for vehicular traffic the construction of which requires the movement of rock or earth.' Upgrading, in relation to a road, means 're-establishing a road that has not been useable for more than 5 years by vehicles of a type the road was originally designed to serve, modifying a road to provide usability for vehicles that are of a different type than those for which the road was originally designed to serve and any other upgrading or modifying of a road, other than for maintenance or erosion control.'

Vehicle use

Will you use vehicle(s) on existing roads on claims?	<input type="checkbox"/> Yes (max 40 t) <input type="checkbox"/> No
Will you use vehicle(s) on existing trails on claims?	<input type="checkbox"/> Yes (max 20 t) <input type="checkbox"/> No
Do you plan to use vehicles off-road in summer on claims?	<input type="checkbox"/> Yes (max 35 kPa) <input type="checkbox"/> No
Do you plan to use vehicles off-road in winter on claims?	<input type="checkbox"/> Yes (max 40 t and 35 kPa) <input type="checkbox"/> No Distance: _____ km (max 15 km)

Using the table below, provide information about all vehicles, machinery, and equipment to be used to access the area, and used within the project boundaries. Attach additional pages if required.

Equipment/machinery type	Gross weight (t)**	Ground pressure (kPa)**

** Consult your equipment/vehicle owner's manuals, manufacturer's websites, and any other available resources on the internet to determine equipment gross weights, and ground pressures.

DETAILS OF ACTIVITY**Structures and camps**Will you have a camp on the claim(s)? Yes No

If yes: How many people will be in your camp at any given time? _____ (max 10)
 How many days are you camping on site? _____ (max 250)
 Determine how to comply with class 1 criteria by taking the number of people in your camp and multiplying it by the number of days on site (people x days = result). The result must be less than 250.

What type of facilities will be used at your camp? Check all that apply.
 Tent Trailer/RV Tent frame Other: _____

Are you planning to build a new structure? Yes No
 If yes: I will remove this structure within 12 consecutive months.*

* Structures without foundations are intended for a period of use of only up to 12 consecutive months. Structures with foundations are not allowed to be built for class 1 operations. **ALL** structures must be removed within 12 months. Check the [class 1 regulations](#) to confirm that your work complies with class 1 criteria.

Fuel storageDo you plan to store fuel on claims? Yes No

If yes: What is the total volume of fuel (in litres) you will store on the claim(s)? _____ (max 5,000 L)
 What type of fuel(s) will you store? Check all that apply.
 Gasoline Diesel Propane Jet-B Other: _____

What is the capacity (in litres) of your largest fuel container? _____ (max 2,000 L)

Lines and corridorsDo you plan to cut lines** on claims? Yes No L: _____ m W: _____ m (max 1.5 m width)Do you plan to cut corridors** on claims? Yes No L: _____ m W: _____ m (max 5 m width)

** A line is defined as a path cut for the purpose of carrying out a geophysical, geological, or engineering survey, constructed by hand or using hand held tools only.
 A corridor is defined as a path from which trees and brush have been cut to accommodate a trail, water line, fuel line or power line.

StrippingWill stripping*** occur? Yes No

If yes: Total number of stripped areas: _____ (Attach additional pages if required.)
 All areas will have the same approximate dimensions.
 Estimated L: _____ m W: _____ m
 Estimated L: _____ m W: _____ m
 Estimated L: _____ m W: _____ m

Estimated total area of all stripping: _____ m²

*** Stripping is defined as an excavation, undertaken as part of an operation, that is limited to the removal of trees, brush and the vegetative mat.

TrenchingDo you want to construct trenches^Δ on the claim(s)? Yes No

If yes: With equipment (complete [vehicle section](#)) By hand, using hand held tools
 How will the equipment be moved from site to site? _____

Total number of trenches/pits: _____ (Attach additional pages if required.)
 All trenches/test pits will have the same approximate dimensions.
 Estimated L: _____ m W: _____ m D: _____ m
 Estimated L: _____ m W: _____ m D: _____ m
 Estimated L: _____ m W: _____ m D: _____ m

Estimated total volume of trenching and/or test pits: _____ m^{3ΔΔ}

^Δ Trenching is defined as excavation that extends below the vegetative mat and is undertaken as part of an operation. For example, test pits or hand shafting.

^{ΔΔ} Trenching volumes cannot exceed 1,200 m³ on a group of three adjoining claims in the program, provided that no claim in the program forms part of more than one group of three, or 400 m³ per individual placer claim that is not part of a group of three adjoining claims.

DrillingWill drilling occur? Yes No

If yes: # of holes: _____ Approx. depth of each hole: _____ m Total depth of all drill holes: _____ m
 What type of drill do you want to use? Select all that apply.
 Auger Diamond Rotary air blast Reverse circulation Other: _____

Overburden pilesWill you be creating new overburden piles^{ΔΔΔ}? Yes. Height: _____ m (max 3 m) No

^{ΔΔΔ} Overburden piles are waste materials caused by exploration work. For example, rock or soil.

BlastingDo you plan to use explosives on site? Yes. I will use up to _____ kg of explosives in any 30 day period.[†]
 No

[†] Consult YG Mine Safety to obtain blasting certificate, and follow all OHS guidelines.

Geological or geophysical surveys

A letter requesting pre-approval from the district mining recorder must accompany this application.

Will a survey be completed? Yes No

If yes: Type of survey: _____

 Approx. date of survey: _____

Additional details about your work program

Describe any mitigation measures that you will apply to reduce, control or eliminate adverse environmental or socio-economic impacts (optional).

NOTIFICATION REQUIREMENTS

Claim ownership and attachments

- Claim status report is attached
 - Map indicating camp location, fuel storage location, work locations and access details.
 - Claim Holder Authorization (if required) is attached
- _____ Additional pages have been attached to this notification.

Check the most applicable statement below:

- I am the operator who will be carrying out this class 1 program. I am submitting this notification as an individual and not on behalf of a business, corporation, or as an agent.
- I am submitting this class 1 placer notification on behalf of a corporation*.
 - I certify I have the authority to sign on behalf of the business, company or corporation.
- I am an agent submitting this class 1 placer notification on behalf of the operator.
 - Attached is my record of agent agreement document.

* Corporate registration is required by the *Placer Mining Act*. This notification could be canceled if this requirement is not met. Contact the Registrar of Corporations for further information at 867-667-5447 or corporateaffairs@gov.yk.ca.

SIGNATURE

INITIAL Yes, I am submitting this class 1 placer notification pursuant to the requirements of the *Placer Mining Act* and *Placer Mining Land Use Regulation*.

INITIAL Yes, I have read, and my operation will comply with, the *Placer Mining Land Use Regulation* Schedule 1 - Operating Conditions.

INITIAL Yes, I hereby certify that the information in this notification is true and complete.
