SCHEDULE

CONVENTION ON THE CIVIL ASPECTS OF INTERNATIONAL CHILD ABDUCTION

The States signatory to the present Convention,

Firmly convinced that the interests of children are of paramount importance in matters relating to their custody,

Desiring to protect children internationally from the harmful effects of their wrongful removal or retention and to establish procedures to ensure their prompt return to the State of their habitual residence, as well as to secure protection for rights of access,

Have resolved to conclude a Convention to this effect, and have agreed upon the following provisions:

CHAPTER I - SCOPE OF THE CONVENTION

The objects of the present Convention are:

a) to secure the prompt return of children wrongfully removed to or retained in any Contracting State; and
b) to ensure that rights of custody and of access under the law of one Contracting State are effectively respected in the other Contracting States.

Article 2

Contracting States shall take all appropriate measures to secure within their territories the implementation of the objects of the Convention. For this purpose they shall use the most expeditious procedure available.

Article 3

The removal or the retention of a child is to be considered wrongful where:

a) it is a breach of rights of custody attributed to a person, an institution or any other body, either jointly or alone, under the law of the State in which the child was habitually resident immediately before the removal or retention; and

b) at the time of removal or retention those rights were actually exercised, either jointly or alone, or would have been so exercised but for the removal or retention.

The rights of custody mentioned in sub-paragraph a) above, may arise in particular by operation of law or by reason of a judicial or administrative decision, or by reason of an agreement having legal effect under the law of that State.

Article 4

The Convention shall apply to any child who was habitually resident in a Contracting State immediately before any breach of custody or access rights. The Convention shall cease to apply when the child attains the age of 16 years.
Article 5

For the purposes of this Convention:

a) 'rights of custody' shall include rights relating to the care of the person of the child and, in particular, the right to determine the child's place of residence;

b) 'rights of access' shall include the right to take a child for a limited period of time to a place other than the child's habitual residence.

CHAPTER II - CENTRAL AUTHORITIES

Article 6

A Contracting State shall designate a Central Authority to discharge the duties which are imposed by the Convention upon such authorities.

Federal States, States with more than one system of law or States having autonomous territorial organizations shall be free to appoint more than one Central Authority and to specify the territorial extent of their powers. Where a State has appointed more than one Central Authority, it shall designate the Central Authority to which applications may be addressed for transmission to the appropriate Central Authority within that State.

Article 7

Central Authorities shall cooperate with each other and promote cooperation amongst the competent authorities in their respective States to secure the prompt return of children and to achieve the other objects of this Convention.

In particular, either directly or through any intermediary, they shall take all appropriate measures:
a) to discover the whereabouts of a child who has been wrongfully removed or retained;

b) to prevent further harm to the child or prejudice to interested parties by taking or causing to be taken provisional measures;

c) to secure the voluntary return of the child or to bring about an amicable resolution of the issues;

d) to exchange, where desirable, information relating to the social background of the child;

e) to provide information of a general character as to the law of their State in connection with the application of the Convention;

f) to initiate or facilitate the institution of judicial or administrative proceedings with a view to obtaining the return of the child and, in a proper case, to make arrangements for organizing or securing the effective exercise of rights of access;

g) where the circumstances so require, to provide or facilitate the provision of legal aid and advice, including the participation of legal counsel and advisers;

h) to provide such administrative arrangements as may be necessary and appropriate to secure the safe return of the child;

i) to keep each other informed with respect to the operation of this Convention and, as far as possible, to eliminate any obstacles to its application.
CHAPTER III - RETURN OF CHILDREN

Article 8

Any person, institution or other body claiming that a child has been removed or retained in breach of custody rights may apply either to the Central Authority of the child's habitual residence or to the Central Authority of any other Contracting State for assistance in securing the return of the child.

The application shall contain:

a) information concerning the identity of the applicant, of the child and of the person alleged to have removed or retained the child;

b) where available, the date of birth of the child;

c) the grounds on which the applicant's claim for return of the child is based;

d) all available information relating to the whereabouts of the child and the identity of the person with whom the child is presumed to be.

The application may be accompanied or supplemented by:

e) an authenticated copy of any relevant decision or agreement;

f) a certificate or an affidavit emanating from a Central Authority, or other competent authority of the State of the child's habitual residence, or from a qualified person, concerning the relevant law of that State;

g) any other relevant document.
Article 9

If the Central Authority which receives an application referred to in Article 8 has reason to believe that the child is in another Contracting State, it shall directly and without delay transmit the application to the Central Authority of that Contracting State and inform the requesting Central Authority, or the applicant, as the case may be.

Article 10

The Central Authority of the State where the child is shall take or cause to be taken all appropriate measures in order to obtain the voluntary return of the child.

Article 11

The judicial or administrative authorities of Contracting States shall act expeditiously in proceedings for the return of children.

If the judicial or administrative authority concerned has not reached a decision within six weeks from the date of commencement of the proceedings, the applicant or the Central Authority of the requested State, on its own initiative or if asked by the Central Authority of the requesting State, shall have the right to request a statement of the reasons for the delay. If a reply is received by the Central Authority of the requested State, that Authority shall transmit the reply to the Central Authority of the requesting State, or to the applicant, as the case may be.

Article 12

Where a child has been wrongfully removed or retained in terms of Article 3 and, at the date of the commencement of the proceedings before the judicial or administrative authority of the Contracting State where the child is, a period of less than one year has elapsed from the date of the wrongful
removal or retention, the authority concerned shall order the return of the child forthwith.

The judicial or administrative authority, even where the proceedings have been commenced after the expiration of the period of one year referred to in the preceding paragraph, shall also order the return of the child, unless it is demonstrated that the child is now settled in its new environment.

Where the judicial or administrative authority in the requested State has reason to believe that the child has been taken to another State, it may stay the proceedings or dismiss the application for the return of the child.

Article 13

Notwithstanding the provisions of the preceding Article, the judicial or administrative authority of the requested State is not bound to order the return of the child if the person, institution or other body which opposes its return establishes that:

a) the person, institution or other body having the care of the person of the child was not actually exercising the custody rights at the time of removal or retention, or had consented to or subsequently acquiesced in the removal or retention; or

b) there is a grave risk that his or her return would expose the child to physical or psychological harm or otherwise place the child in an intolerable situation.

The judicial or administrative authority may also refuse to order the return of the child if it finds that the child objects to being returned and has attained an age and degree of maturity at which it is appropriate to take account of its views.
In considering the circumstances referred to in this Article, the judicial and administrative authorities shall take into account the information relating to the social background of the child provided by the Central Authority or other competent authority of the child's habitual residence.

Article 14

In ascertaining whether there has been a wrongful removal or retention within the meaning of Article 3, the judicial or administrative authorities of the requested State may take notice directly of the law of, and of judicial or administrative decisions, formally recognized or not in the State of the habitual residence of the child without recourse to the specific procedures for the proof of that law or for the recognition of foreign decisions which would otherwise be applicable.

Article 15

The judicial or administrative authorities of a Contracting State may, prior to the making of an order for the return of the child, request that the applicant obtain from the authorities of the State of the habitual residence of the child a decision or other determination that the removal or retention was wrongful within the meaning of Article 3 of the Convention, where such a decision or determination may be obtained in that State. The Central Authorities of the Contracting States shall so far as practicable assist applicants to obtain such a decision or determination.

Article 16

After receiving notice of a wrongful removal or retention of a child in the sense of Article 3, the judicial or administrative authorities of the Contracting State to which the child has been removed or in which it has been retained shall not decide on the merits of rights of custody until it has been determined that the child is not to be
returned under this Convention or unless an application under this Convention is not lodged within a reasonable time following receipt of the notice.

Article 17

The sole fact that a decision relating to custody has been given in or is entitled to recognition in the requested State shall not be a ground for refusing to return a child under this Convention, but the judicial or administrative authorities of the requested State may take account of the reasons for that decision in applying this Convention.

Article 18

The provisions of this Chapter do not limit the power of a judicial or administrative authority to order the return of the child at any time.

Article 19

A decision under this Convention concerning the return of the child shall not to be taken to be a determination on the merits of any custody issue.

Article 20

The return of the child under the provisions of Article 12 may be refused if this would not be permitted by the fundamental principles of the requested State relating to the protection of human rights and fundamental freedoms.

CHAPTER IV - RIGHTS OF ACCESS

Article 21

An application to make arrangements for organizing or securing the effective exercise of rights of access may be presented to the Central Authorities of the Contracting States in the same way as an application for the return of a child.
The Central Authorities are bound by the obligations of cooperation which are set forth in Article 7 to promote the peaceful enjoyment of access rights and the fulfilment of any conditions to which the exercise of those rights may be subject. The Central Authorities shall take steps to remove, as far as possible, all obstacles to the exercise of such rights.

The Central Authorities, either directly or through intermediaries, may initiate or assist in the institution of proceedings with a view to organizing or protecting these rights and securing respect for the conditions to which the exercise of these rights may be subject.

CHAPTER V - GENERAL PROVISIONS

Article 22

No security, bond or deposit, however described, shall be required to guarantee the payment of costs and expenses in the judicial or administrative proceedings falling within the scope of this Convention.

Article 23

No legalization or similar formality may be required in the context of this Convention.

Article 24

Any application, communication or other document sent to the Central Authority of the requested State shall be in the original language, and shall be accompanied by a translation into the official language or one of the official languages of the requested State or, where that is not feasible, a translation into French or English.

However, a Contracting State may, by making a reservation in accordance with Article 42, object to the use of either French or English, but not
both, in any application, communication or other document sent to its Central Authority.

Article 25

Nationals of the Contracting States and persons who are habitually resident within those States shall be entitled in matters concerned with the application of this Convention to legal aid and advice in any other Contracting State on the same conditions as if they themselves were nationals of and habitually resident in that State.

Article 26

Each Central Authority shall bear its own costs in applying this Convention.

Central Authorities and other public services of Contracting States shall not impose any charges in relation to applications submitted under this Convention. In particular, they may not require any payment from the applicant towards the costs and expenses of the proceedings or, where applicable, those arising from the participation of legal counsel or advisers. However, they may require the payment of the expenses incurred or to be incurred in implementing the return of the child.

However, a Contracting State may, by making a reservation in accordance with Article 42, declare that it shall not be bound to assume any costs referred to in the preceding paragraph resulting from the participation of legal counsel or advisers or from court proceedings, except insofar as those costs may be covered by its system of legal aid and advice.

Upon ordering the return of a child or issuing an order concerning rights of access under this Convention, the judicial or administrative authorities may, where appropriate, direct the person who removed or retained the child, or who prevented the exercise of rights of access, to pay necessary
expenses incurred by or on behalf of the applicant, including travel expenses, any costs incurred or payments made for locating the child, the costs of legal representation of the applicant, and those of returning the child.

Article 27

When it is manifest that the requirements of this Convention are not fulfilled or that the application is otherwise not well founded, a Central Authority is not bound to accept the application. In that case, the Central Authority shall forthwith inform the applicant or the Central Authority through which the application was submitted, as the case may be, of its reasons.

Article 28

A Central Authority may require that the application be accompanied by a written authorization empowering it to act on behalf of the applicant, or to designate a representative so to act.

Article 29

This Convention shall not preclude any person, institution or body who claims that there has been a breach of custody or access rights within the meaning of Article 3 or 21 from applying directly to the judicial or administrative authorities of a Contracting State, whether or not under the provisions of this Convention.

Article 30

Any application submitted to the Central Authorities or directly to the judicial or administrative authorities of a Contracting State in accordance with the terms of this Convention, together with documents and any other information appended thereto or provided by a Central Authority, shall be admissible in the courts or administrative authorities of the Contracting States.
Article 31

In relation to a State which in matters of custody of children has two or more systems of law applicable in different territorial units -

a) any reference to habitual residence in that State shall be construed as referring to habitual residence in a territorial unit of that State;

b) any reference to the law of the State of habitual residence shall be construed as referring to the law of the territorial unit in that State where the child habitually resides.

Article 32

In relation to a State which in matters of custody of children has two or more systems of law applicable to different categories of persons, any reference to the law of that State shall be construed as referring to the legal system specified by the law of that State.

Article 33

A State within which different territorial units have their own rules of law in respect of custody of children shall not be bound to apply this Convention where a State with a unified system of law would not be bound to do so.

Article 34

This Convention shall take priority in matters within its scope over the Convention of 5 October 1961 concerning the powers of authorities and the law applicable in respect of the protection of minors, as between Parties to both Conventions. Otherwise the present Convention shall not restrict the application of an international instrument in force between the State of origin and the State
addressed or other law of the State addressed for the purposes of obtaining the return of a child who has been wrongfully removed or retained or of organizing access rights.

Article 35

This Convention shall apply as between Contracting States only to wrongful removals or retentions occurring after its entry into force in those States.

Where a declaration has been made under Article 39 or 40 the reference in the preceding paragraph to a Contracting State shall be taken to refer to the Territorial unit or units in relation to which this Convention applies.

Article 36

Nothing in this Convention shall prevent two or more Contracting States, in order to limit the restrictions to which the return of the child may be subject, from agreeing among themselves to derogate from any provisions of this Convention which may imply such a restriction.

CHAPTER VI- FINAL CLAUSES

Article 37

The Convention shall be open for signature by the States which were Members of the Hague Conference on Private International Law at the time of its Fourteenth Session.

It shall be ratified, accepted or approved and the instruments of ratification, acceptance or approval shall be deposited with the Ministry of Foreign Affairs of the Kingdom of the Netherlands.

Article 38

Any other State may accede to the Convention.
The instrument of accession shall be deposited with the Ministry of Foreign Affairs of the Kingdom of the Netherlands.

The Convention shall enter into force for a State acceding to it on the first day of the third calendar month after the deposit of its instrument of accession.

The accession will have effect only as regards the relations between the acceding State and such Contracting States as will have declared their acceptance of the accession. Such a declaration will also have to be made by any Member State ratifying, accepting or approving the Convention after an accession. Such declaration shall be deposited at the Ministry of Foreign Affairs of the Kingdom of the Netherlands; this Ministry shall forward, through diplomatic channels, a certified copy to each of the Contracting States.

The Convention will enter into force as between the acceding State and the State that has declared its acceptance of the accession on the first day of the third calendar month after the deposit of the declaration of acceptance.

Article 39

Any State may, at the time of signature, ratification, acceptance, approval or accession, declare that the Convention shall extend to all the territories for the international relations of which it is responsible, or to one or more of them. Such a declaration shall take effect at the time the Convention enters into force for that State.

Such declaration, as well as any subsequent extension, shall be notified to the Ministry of Foreign Affairs of the Kingdom of the Netherlands.
Article 40

If a Contracting State has two or more territorial units in which different systems of law are applicable in relation to matters dealt with in this Convention, it may at the time of signature, ratification, acceptance, approval or accession declare that this Convention shall extend to all its territorial units or only to one or more of them and may modify this declaration by submitting another declaration at any time.

Any such declaration shall be notified to the Ministry of Foreign Affairs of the Kingdom of the Netherlands and shall state expressly the territorial units to which the Convention applies.

Article 41

Where a Contracting State has a system of government under which executive, judicial and legislative powers are distributed between central and other authorities within that State, its signature or ratification, acceptance or approval of, or accession to this Convention, or its making of any declaration in terms of Article 40 shall carry no implication as to the internal distribution of powers within that State.

Article 42

Any State may, not later than the time of ratification, acceptance, approval or accession, or at the time of making a declaration in terms of Article 39 or 40, make one or both of the reservations provided for in Article 24 and Article 26, third paragraph. No other reservation shall be permitted.

Any State may at any time withdraw a reservation it has made. The withdrawal shall be notified to the Ministry of Foreign Affairs of the Kingdom of the Netherlands.
The reservation shall cease to have effect on the first day of the third calendar month after the notification referred to in the preceding paragraph.

Article 43

INTERPROVINCIAL SUBPOENA ORDINANCE
(Asentced to April 14, 1981)

The Commissioner of the Yukon Territory, by
and with the advice and consent of the Council of
the said Territory, enacts as follows:

1(1) In this Ordinance,

"court" means any court in a province of
Canada; and

"subpoena" means a subpoena or other
document issued by a court requiring a
person within a province other than the
province of the issuing court to attend
as a witness before the issuing court.

2(1) A court in the Territory shall receive
and adopt as an order of the court a
subpoena from a court outside the Territory
if
(a) the subpoena is accompanied by a
certificate signed by a judge of a
superior, county or district court
of the issuing province and impressed
with the seal of that court, signifying
that, upon hearing and examining
the applicant, the judge is satisfied
that the attendance in the issuing
province of the person subpoenaed
(i) is necessary for the due
adjudication of the proceeding
in which the subpoena is
issued, and
(ii) in relation to the nature and
importance of the cause or
proceeding is reasonable and
essential to the due administra-
tion of justice in that province,
and
(b) the subpoena is accompanied by the witness fees and travelling expenses in accordance with Schedule 1.

The certificate to which reference is made in paragraph (1)(a) may be in the form set out in Schedule 2 or in a form to the like effect.

A court in the Territory shall not receive a subpoena from another province under section 2 unless the law of that other province has a provision similar to section 6 providing absolute immunity to a resident of the Territory who is required to attend as a witness in the other province from all proceedings of the nature set out in section 6 and within the jurisdiction of the legislature of that other province except only those proceedings grounded on events occurring during or after the required attendance of the person in the other province.

Where a person who has been served with a subpoena adopted under section 2 and given the witness fees and travelling expenses in accordance with Schedule 1 not less than ten days, or such shorter period as the judge of the court in the issuing province may indicate in his certificate, before the date the person is required to attend in the issuing court, fails without lawful excuse to comply with the order, he is in contempt of court and subject to such penalty as the court may impose.

Where a party to a proceeding in any court in the Territory causes a subpoena to be issued for service in another province of Canada, the party may attend upon a judge of the Court who shall hear and examine the party or his counsel, if
any, and upon being satisfied that the attendance in the Territory of the person required in the Territory as a witness
(a) is necessary for the due adjudication of the proceeding in which the subpoena or other document has been issued, and
(b) in relation to the nature and importance of the proceedings, is reasonable and essential to the due administration of justice in the Territory,
shall sign a certificate which may be in the form set out in Schedule 2 and shall cause the certificate to be impressed with the seal of the Court.

If railway transportation is necessary for part of the journey and sleeping accommodation would normally be obtained for such a journey, the fare for sleeping accommodation shall be included.

In the calculation of the fare for transportation, the most rapid form of transportation by regularly scheduled carrier shall be accorded priority over all other forms.

If the material which the witness is required to produce in court is of such weight or size as to attract extra fares or charges, the amount so required shall be included.

2. The cost of hotel accommodation for not less than three days at the place where the witness is required to attend in court, in an amount not less than $150.

3. The cost of meals for the total journey and for not less than three days at the place where the witness is required to attend in court, an amount not less than $75.

"municipality" means a village, town or city.

This Ordinance shall be construed as one with the Municipal Ordinance, but in case of conflict, the provisions of this Ordinance shall prevail.

The Commissioner may, on behalf of the Government of Yukon, lend sums not exceeding $4,500,000 in the aggregate to municipalities to enable them to carry on programs of municipal works, and for that purpose the Commissioner may, on behalf of the Government of Yukon, enter into agreements with municipalities.

Subject to this Ordinance, the council of a municipality may pass by-laws for the borrowing of money for the purposes mentioned in section 3, but no such by-law shall be valid unless, before it is finally passed by the council, it is approved in accordance with the Municipal Ordinance.
5(1) A borrowing by-law shall set out in detail:
(a) the amount proposed to be borrowed;
(b) the purpose for which the borrowed amount is to be expended;
(c) the term of the loan;
(d) the rate of interest payable on the loan;
(e) the method of repayment of the loan; and
(f) the amount of the existing debt of the municipality, if any, and how much, if any, of the principal or interest of the debt is in arrears.

2 Every borrowing by-law shall be in such form and contain such provisions as may be required by the Commissioner, and shall
(a) fix the amount of the loan and the rate or rates of interest payable thereon, and the places and the times when the principal and interest shall be payable, and
(b) provide for the levy of an annual tax or taxes sufficient to pay the principal and interest of the loan.

6(1) No money borrowed pursuant to a borrowing by-law shall be used for a purpose other than that stated in the by-law, but if there remains an unexpended balance on completion of the work for which the money was borrowed, the balance may be used by the municipality
(a) for the repayment of any interest payable in respect of the loan,
(b) for the repayment of the principal amount of the loan or any portion thereof, or
(c) for such other purposes and upon such terms and conditions as the council of the municipality, with the approval of the Commissioner, deems appropriate.
Early repayment 7(1) A borrowing by-law may provide that the loan may be repaid prior to the due date at the option of the municipality at such time or times as the municipality may find it possible to repay it.

Effect on taxes 8(1) Where the loan or any portion of it is repaid prior to the due date, the repayment does not affect the validity of any by-law by which taxes have been imposed in respect of the loan, the validity of the taxes, or the power of the council of the municipality to continue to collect the taxes.

Effect of agreement 9(1) A loan agreement made pursuant to this Ordinance is valid and binding upon a municipality notwithstanding any insufficiency in the form or substance of the agreement or the borrowing by-law if the by-law has been approved in accordance with the Municipal Ordinance.

Default 10(1) If a municipality defaults in the payment of the money owing in respect of a loan made under a borrowing by-law, the council shall forthwith make a special levy against all property in the municipality to raise sufficient funds to pay the arrears owing on the loan.

(Asssented to April 14, 1981)

The Commissioner of the Yukon Territory, by
and with the advice and consent of the Council of
the said Territory, enacts as follows:

1(1) This Ordinance may be cited as the
Survival of Actions Ordinance.

2(1) In this Ordinance "cause of action"
means the right to institute a civil
proceeding, and includes a civil pro­
cceeding instituted before death, but
does not include a prosecution for
contravening an Ordinance, regulation or
by-law.

3(1) All causes of action vested in a person
who dies after the commencement of this
Ordinance, survive for the benefit of
his estate.

2(2) The rights conferred by subsection (1)
are in addition to and not in derogation
of any rights conferred by the Fatal
Accidents Ordinance.

4(1) All causes of action subsisting against
a person who dies after the commencement
of this Ordinance survive against his
estate.

5(1) Where damage has been suffered by reason
of an act or omission as a result of
which a cause of action would have
subsisted against a person if that
person had not died before or at the
same time as the damage was suffered,
there is deemed to have been subsisting
against him before his death whatever
cause of action as a result of the act or omission would have subsisted if he had not died before or at the same time as the damage was suffered.

Judicial exemption

4(1) A seller may apply to the Court for an order exempting a sale in bulk from the application of this Ordinance and the Court, if it is satisfied on such evidence as it thinks necessary that the sale is advantageous to the seller and will not impair his ability to pay his creditors in full, may make the order, and thereafter this Ordinance, except section 6, does not apply to the sale.

Notice

(2) The Court may require notice of the application for the order to be given to the creditors of the seller or such of them as it directs and it may impose such terms and give such directions with respect to the disposition of the proceeds of the sale or otherwise as it thinks fit.

Statement as to creditors

5(1) The buyer, before paying or delivering to the seller any part of the proceeds of the sale other than the part mentioned in section 7, shall demand of and receive from the seller, and the seller shall deliver to the buyer, a statement as to the seller's creditors in the prescribed form verified by the affidavit of the seller.

A negotiable receipt is, in the hands of a holder who has purchased it for valuable consideration, conclusive evidence of the receipt by the warehouseman of the goods therein described as against the warehouseman and any person signing the same on his behalf, notwithstanding that the goods or some part thereof may not have been so received, unless the holder of the negotiable receipt has actual notice at the time of receiving same, that the goods have not in fact been received.

Where goods are described in a receipt merely by a statement
(a) that the goods or the packages containing them are identified by certain marks or labels,
(b) that the goods are said by the depositor to be goods of a certain kind, or
(c) that the packages containing the goods are said by the depositor to contain goods of a certain kind,
or by a statement of import similar to that of paragraphs (a), (b) or (c), the statement does not impose any liability on the warehouseman in respect of the nature, kind or quality of the goods, but shall be deemed to be a representation by the warehouseman
(d) that the marks or labels were in fact on the goods or packages,
(e) that the goods were in fact described by the depositor as stated, or
(f) that the packages containing the goods were in fact described by the depositor as containing goods of a certain kind,
as the case may be.

A warehouseman is liable for loss of or injury to goods caused by his failure to exercise such care and diligence in regard to them as a careful and vigilant owner of similar goods would exercise in the custody of them in similar circumstances.

Where authorized by agreement or by custom, a warehouseman may mingle fungible goods with other
Warehouse Receipts Ordinance  

goods of the same kind and grade, and where he does so,
(a) the holder of the receipts for the mingled goods owns the entire mass in common, and
(b) each holder is entitled to such proportion thereof as the quantity shown by his receipt to have been deposited bears to the whole.

Executions 16(1) Where goods are delivered to a warehouseman by the owner or person whose act in conveying the title to them to a purchaser in good faith for value would bind the owner, and a negotiable receipt is issued for them, they cannot thereafter while in the possession of the warehouseman, be levied under an execution, unless the receipt is first surrendered to the warehouseman.

Lien under negotiable receipt 17(1) Where a negotiable receipt is issued for goods, the warehouseman has no lien on the goods, except for charges for storage of those goods subsequent to the date of the receipt, unless the receipt expressly enumerates other charges for which a lien is claimed.

Perishable or hazardous goods 18(1) Where goods are of a perishable nature, or where goods by keeping will deteriorate greatly in value or injure other property, the warehouseman may give such notice as is reasonable and possible under the circumstances
(a) to the holder of the receipt for the goods if the name and address of the holder is known to the warehouseman, or
(b) if the holder is not known to him, to the depositor of the goods, requiring him to satisfy the lien upon the goods, and to remove them from the warehouse.

Disposal of goods (2) On the failure of a person to whom a notice is given under subsection (1) to satisfy the lien and remove the goods within the time specified in the notice, the warehouseman may sell the goods at public or private sale without advertising.

Notice (3) The notice referred to in subsection (1) may be given by sending it by registered or certified mail addressed to the person to whom it is to be given.
Failure to sell goods (4) If the warehouseman after a reasonable effort is unable to sell the goods, he may dispose of them in any manner he may think fit, and shall incur no liability by reason thereof.

Proceeds of sale (5) The warehouseman shall from the proceeds of any sale made pursuant to this section, satisfy his lien and hold the balance in trust for the holder of the receipt.

Effect of sale 19(1) Where goods have been lawfully sold to satisfy a warehouseman's lien, or have been lawfully sold or disposed of pursuant to section 13, the warehouseman is not liable for failure to deliver the goods to the holder of the receipt.

Negotiation by delivery 20(1) A negotiable receipt may be negotiated by delivery where, by the terms of the receipt,

(a) the warehouseman undertakes to deliver the goods to the bearer, or

(b) the warehouseman undertakes to deliver the goods to the order of a named person and that person or a subsequent endorsee has endorsed it in blank or to bearer.

Negotiation by endorsement (2) Where by the terms of a negotiable receipt, the goods are deliverable to bearer or where a negotiable receipt has been endorsed in blank or to bearer, the receipt may be negotiated by the bearer endorsing it to a named person, and in that case the receipt shall thereafter be negotiated

(a) by the endorsement of the endorsee or a subsequent endorsee, or

(b) by delivery, if it is again endorsed in blank or to bearer.

Negotiation by endorsement (3) Where, by the terms of a negotiable receipt, the goods are deliverable to the order of a named person, the receipt may be negotiated by the endorsement of that person.
Endorsement

An endorsement pursuant to subsection (3) may be in blank, to bearer or to a named person; if the endorsement is to a named person, the receipt may be again negotiated by endorsement in blank, to bearer or to another named person; and subsequent negotiation may be made in like manner.

Transfer of receipt

The goods covered by a non-negotiable receipt may be transferred by the holder by delivery to a purchaser or donee of the goods of a transfer in writing executed by the holder, but the transfer does not affect or bind the warehouseman until he is notified in writing thereof.

Rights against transferor

A person to whom the goods covered by a non-negotiable receipt is transferred acquires, as against the transferor,
(a) the title to the goods, and
(b) the right to deposit with the warehouseman the transfer or duplicate thereof or to give notice in writing to the warehouseman of the transfer.

Rights against warehouseman

The transferee acquires the benefit of the obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt upon
(a) deposit of the transfer of the goods, or
(b) giving notice in writing of the transfer and upon the warehouseman having a reasonable opportunity of verifying the transfer.

Rights on negotiation

A person to whom a negotiable receipt is duly negotiated acquires
(a) such title to the goods as the person negotiating the receipt to him had or had ability to transfer to a purchaser in good faith for valuable consideration and also such title to the goods as the depositor or person to whose order the goods were to be delivered by the terms of receipt had or had ability to transfer to a purchaser in good faith for valuable consideration, and
(b) the benefit of the obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt.
as fully as if the warehouseman had contracted directly with him.

Right to endorsement

Where a negotiable receipt is transferred for valuable consideration by delivery and the endorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to endorse the receipt, unless a contrary intention appears and the negotiation takes effect as of the time when the endorsement is made.

Warranties on sale of receipt

A person who for valuable consideration negotiates or transfers a receipt by endorsement or delivery, including one who assigns for valuable consideration a claim secured by a receipt, unless a contrary intention appears, warrants
(a) that the receipt is genuine,
(b) that he has a legal right to negotiate or transfer it,
(c) that he has no knowledge of any fact that would impair its validity, and
(d) that he has a right to transfer the title to the goods, and that the goods are merchantable or fit for a particular purpose whenever such warranties would have been implied if the contract of the parties had been to transfer without a receipt the goods represented thereby.

Endorser not a guarantor

The endorsement of a receipt does not make the endorser liable for any failure on the part of the warehouseman or previous endorsers of the receipt to fulfil their respective obligations.

Fraud and mistake

The validity of the negotiation of a receipt is not impaired by the fact that
(a) the negotiation was a breach of duty on the part of the person making the negotiation, or
(b) the owner of the receipt was induced by fraud, mistake or duress to entrust the possession or custody of the receipt to such person, if the person to whom the receipt was negotiated, or a person to whom the receipt was subsequently negotiated, paid value therefor without notice of the breach of duty, or fraud, mistake or duress.
Warehouse Receipts Ordinance

Security interests

28(1) Subject to the Personal Property Security Ordinance, where a person having sold or created a security interest in
(a) goods that are in a warehouse and for which a negotiable receipt has been issued, or
(b) a negotiable receipt representing goods,
continues in possession of the negotiable receipt, the subsequent negotiation of it by that person under any sale or other disposition of it to any person receiving it in good faith for valuable consideration and without notice of the previous sale or security interest has the same effect as if a previous purchaser of the goods or receipt had expressly authorized the subsequent negotiation.

Vendor's lien

29(1) Where a negotiable receipt has been issued for goods, no seller's lien or right of stoppage in transit defeats the rights of a purchaser for value in good faith to whom the receipt has been negotiated, whether the negotiation be prior or subsequent to the notification to the warehouseman who issued the receipt of the seller's claim to a lien or right of stoppage in transit, and the warehouseman shall not deliver the goods to an unpaid seller unless the receipt is first surrendered for cancellation.

Existing receipts

30(1) This Ordinance does not apply to receipts made and delivered before this Ordinance comes into force.

31(1) This Ordinance comes into force on a day to be fixed by the Commissioner in Executive Council.

Note: This Ordinance is based on a model Act recommended by the Uniform Law Conference of Canada.
